9. APPENDIX 1

Process Guide to Internal Office Moves

The following is a guide to assist you if you are moving office or your work location is changing.

If the move is part of a larger project, many of these tasks will be carried out on behalf of the effected School/Function by the Project Manager in liaison with the Head of School/Function and their Executive Support.

Prior to the Move:

If the move is not part of a larger project, contact the [Estates Helpdesk](#) (x7000) or by email to fm-help@reading.ac.uk to request the Porters assistance with the move.

You will need to supply date and time for your move with full details of all the items that require relocation. Please provide at least 5 working days' notice.

As this is a chargeable service you will also need to give details of a project code for work (you can obtain this from your Executive Support or Head of School/Function).

If you are the only person moving, you will need to raise a work request on the [IT portal](#) for your PC and telephone to be moved to your new location (Executive Support in your school or function can assist with this) This can also be done via the staff portal www.reading.ac.uk/internal/its

Pack up all papers/documents, work related equipment and personal belongings in boxes/crates provided by the Porters or the moving contractor. If your move is being serviced by an external company the crates can be arranged directly with the service provider

Disposal of furniture not required: Furniture that is in good condition that can be reused should be listed on WARPIT (Contact Sustainability for assistance). If furniture is not reusable, a disposal request should be raised via waste@reading.ac.uk. A project code will be required for waste removal, as before this can be obtained from your department Executive Manager/Administrator.

Ensure that the room you are vacating is left in a tidy and clear condition for the incoming occupant. If a deep clean is required this can be arranged by contacting Cleaning Services cleaning@reading.ac.uk

Please handover your office key, and any other keys not required to the Building Support Officer for your zone.

During the move:

Access card: Email [Campus Cards](#) to request access via your staff card to your new building and for them to delete the access from your current area

Inform the [Post Room](#) of your new work location (this will ensure that any post will be redirected to your new location).

After the move:

Log into [ESS](#) and change your work extension/phone number (this will change the number on the staff search when people are trying to locate you).

Contact the zonal Building Support Officer to obtain keys (if not already issued), for an overview of the building and familiarisation of welfare and other facilities in your new location.

Change your address in your email signature to reflect your new location.
