### Programme information and content

This programme aims to provide you with a degree-level education in accounting and finance. The study of accounting and finance progresses through the programme so that students obtain a critical grasp of core theory along with thorough knowledge, and skills of application and analysis related to these disciplines. This study embeds international and ethical considerations widely, with optional modules grounding the study of accounting and finance in a broader understanding of the business environment. The programme offers the opportunity to apply for credit for prior learning for a range of professional accounting papers. As a result the programme will prepare students for professional leadership in their chosen employment sector.

Part 1:	Introduces you to the basic underpinnings of financial and management accounting, finance and financial markets, supplementing this with broader business-related modules.
Part 2:	Provides you with the opportunity to build on the core knowledge gained at Part 1, with compulsory modules to develop deeper knowledge and application of that knowledge in the core strands of financial accounting, management accounting and finance.
	One year work placement aims at developing professional practice skills that form the basis for students' future careers, providing hands-on experience in professional practice, or a related career in accountancy or finance, developing transferable skills and overall improving graduate prospects.
Part 3:	Gives you the opportunity to study compulsory modules that deepen the theoretical and practical knowledge, application, and critical evaluation of the core strands, and optional modules provide flexibility for students to explore areas of particular

interest. Students will also continue to enhance transferable skills.

## **Additional costs of the programme**

### **Optional modules:**

**For University of Reading Malaysia students who study in the UK additional costs may be associated with the selection of optional modules.**

**Additional costs for the programme may be incurred for the purchase of textbooks and/or for site visits or field trips in Malaysia. Students will be notified of all additional costs.**

## **Placement opportunities**

**Placements:** You may be provided with the opportunity to undertake a credit-bearing placement as part of your Programme. This will form all or part of an optional module. You will be required to find and secure a placement opportunity, with the support of the University.

### **Student Mobility:**

Students at the University of Reading Malaysia have the option to spend time at our UK campus studying on the same degree programme. Students may study for a term or a full academic year in either Part 2 and/or Part 3. Transfer in the Placement Year does not guarantee a work placement in the UK (see above). Transfer to the UK is dependent on the student successfully completing all required assessments in the prior year. Costs of study in the UK will be notified in advance.

### **Teaching and learning delivery:**

You will be taught through a combination of lectures, seminars and practical workshops.

**The programme has been approved by the Malaysian Ministry of Higher Education via the Malaysian Qualification Agency (MQA)**

**The programme is accredited by:**

**Association of Chartered Certified Accountants (ACCA)  
The Institute of Chartered Accountants in England and Wales (ICAEW)**

**Assessment**

The programme will mainly be assessed through a combination of written examinations and coursework, although other methods may be used. Information about module assessment can be located in the relevant module descriptions.

**Progression Requirements:**

**Part 1**

- (i) Obtain an overall average of 40% over 120 credits taken in Part 1; and
- (ii) obtain a mark of at least 30% in individual modules amounting to at least 100 credits taken in Part 1.'

**In order to progress from Part 1 to Part 2**, a student must achieve a threshold performance, and:
