Programme information and content

This Master's programme provides theoretical knowledge and practical methodologies and techniques via case studies and tutorials that enable students to specify and design technology solutions for business managers and organisations.

You will learn about informatics, business systems, processes and architecture necessary to understand the digital business environment. Students develop analysis, problem solving, teamwork and leadership skills necessary for creating effective business solutions. Students also learn the consulting principles and behaviours necessary for consulting.

In addition, students will select 40 credits of option modules from programme specific options. A list of available options will be made available by the Programme Director.

Part-time or flexible modular arrangements

The programme can be taken part-time over three years. INMR83 Consulting Project must be taken in the third year. The other 140 credits can be divided between the three years at the student's discretion, in discussion with the Programme Director.

The programme may not be completed over more than three years.

Additional costs of the programme

INMR85 Business Architecture is a one week residential module taught at the Henley Business School Greenlands campus in Henley.

Students fund their own transportation to and from Greenlands Campus at the start and end of the week. Students are encouraged to jointly book taxis and this usually works out around £23 (estimated) for the return journey. However students receive free board and lodging of which breakfast, lunch and dinner are provided.

There are no textbooks which you must buy and students are encouraged to discuss the purchase of textbooks or other resources with the module convenor before purchasing. Some books may be available second-hand, which will reduce costs.

A range of resources to support your curriculum, including textbooks, electronic resources and computer facilities, are available through the Central Library and the Business School Academic Resource Centre.

Printing and photocopying facilities are available on campus at a cost per A4 page of £0.05 (black and white) and £0.30 (colour). Essential costs in this area will be low as most coursework is submitted electronically. Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations.
