### **Programme information and content**

The foundation year (Part 0) is designed for foundation year students at NUIST who intend to progress on to a three-year undergraduate programme within the NUIST-University of Reading Academy. Successful completion of the NUIST Foundation Programme gives the student admission to one of the University of Reading undergraduate programmes. It also contributes, through credit transfer, to the first year of an award of NUIST. On completion of Part 0, students will have the general academic language and study skills required to begin their Year 1 degree studies, as well as gaining an understanding of the structure of the English Legal System

In addition to the imparting of legal knowledge, this degree programme encourages the ability to delineate and evaluate issues, select relevant materials and produce arguments encompassing policy, existing practice and knowledge, and including theorising and critiquing legal concepts and the law itself.

The overarching educational aim of this course is to provide a programme of legal study which affords a conceptual framework for the study of law which will facilitate the recognition and appreciation by students of the overall mosaic of public and private law and permits detailed study of some aspects of law.

During the course of their studies at Reading, all students will be expected to enhance their academic and personal transferable skills. In following this programme, students will have had the opportunity to develop such skills, in particular relating to communication, interpersonal skills, learning skills, numeracy, self-management, use of IT and problem-solving and will have been encouraged to further develop and enhance the full set of skills through a variety of opportunities available outside their curriculum.

The aims of this of the programme are to develop students' language knowledge\* and language skills to meet the needs of their future academic studies, by improving their ability to:

- use academic sources effectively and appropriately (in accordance with academic conventions) to complete academic assignments
- present information, ideas and opinions through writing and speaking in a clear, organised, and effective way, using appropriate academic language
- understand long spoken texts (e.g. mini-lectures, lecture extracts, spontaneous monologues) and take notes independently
- listen to and understand spontaneous speech in both group and one-to-one settings, and to contribute orally in both contexts in a relevant and constructive way
- deliver extended formal presentations, and respond effectively to questions
- study independently e.g. planning their work, managing their time, finding additional language learning resources and additional sources relevant to their academic assignments
- work effectively in groups.

\*Language knowledge: in all parts of the programme, there will be an emphasis on expanding the students' range and control of English vocabulary, grammar, language functions and academic style.

Foundation year:

Content will include:

Reading skills and strategies, including survey reading, close reading, selecting information, summarising, monitoring comprehension, summarising, synthesising.

Listening skills and strategies, including identifying main and supporting points, note-taking, decoding connected speech, monitoring comprehension; listening and responding appropriately in interactive situations.

Speaking skills, including oral presentations, group discussions, oral fluency, communicative strategies, negotiating meaning by checking understanding and asking for clarification, pronunciation.

Writing skills, including paragraphing, text organisation, introductions and conclusions, analysing essay questions, paraphrasing, avoiding plagiarism, referencing; the process of writing i.e. planning, drafting, receiving feedback, redrafting.

Language knowledge: (a) vocabulary – General Service List, Oxford 3000, Academic Word List (b) grammatical structures and functional language relevant to general academic English.
