Part-time or flexible modular arrangements

The programme can be taken part-time over two years (for Home/EU students only). In the first year of study, a student will normally be required to complete optional modules totalling no less than 50 credits and no more than 80 credits. In the second year of study, a student will normally be required to complete the coursework for the compulsory module IDM071 Research and Study Skills for Independent Learning (although students should attend the taught sessions in the first year of study), the IDM072 Dissertation module and any remaining optional modules. The programme may not be completed over more than two years.

Additional costs of the programme

During your programme of study, you will incur some additional costs.

Where applicable, core textbooks recommended for student purchase may cost around £15 to £25 per module; there may be other books/resources which you would find it convenient to buy. Some books may be available second-hand, which will reduce costs. A wide range of resources to support your curriculum, including textbooks, more specialist studies, and electronic resources, are available through the library.

Printing and photocopying facilities are available on campus at a cost per A4 page of £0.05 (black and white) and £0.30 (colour). Essential costs in this area will be low as most coursework is submitted electronically.

A few optional modules may include study trips. For each participating student, the cost of transport and accommodation is not expected to exceed £350 and for day trips is considerably less.

Costs are indicative and may vary according to optional modules chosen and are subject to inflation and other price fluctuations.

The estimates were calculated in 2019.

Optional modules

The optional modules available can vary from year to year. An indicative list of the range of optional modules for your Programme is set out in the Further Programme Information. Details of any additional costs associated with the optional modules, will be made available to you prior to the beginning of the programme. Entry to optional modules will be at the discretion of the University and subject to availability. Although the University tries to ensure you are able to take the optional modules in which you have expressed interest this cannot be guaranteed

Placement opportunities

With the agreement of their dissertation supervisor, students may be allowed to study abroad or take up placements during the Summer Term as part of their dissertation work. With the explicit agreement of the Programme Director, the Dissertation may be researched and written away from the University. Support is provided to guide placement and dissertation study.

Teaching and learning delivery

Teaching is organised in modules that typically involve a combination of lectures and seminars. Some lecture based modules are supported by workshops or computer lab sessions.

Total study hours for your programme will be 1800 hours. The contact hours for your programme will depend upon your module combination; an average for a typical set of modules on this programme is – 240-260 hours. In addition to your scheduled contact hours, you will be expected to undertake guided independent study. Information about module contact hours and the amount of independent study which a student is normally expected to undertake for a module is indicated in the relevant module description.
