| Length of Programme | Senior Leader Apprenticeship (Business Administration) - 20 months |
| Accreditation | Level 7 SLA: The approved End-Point Assessment organisations for the Level 7 SLA: Chartered Management Institute (CMI) / Institute for Leadership and Management. AMBA, AACSB, EQUIS |
| Programme Start Dates | Multiple throughout the academic year |

Programme information and content

The Senior Leader Apprenticeship in Business Administration (SLA BA) is aimed at experienced managers who are aspiring to step up to positions of senior leadership within their companies. It will also be attractive to people who are already senior leaders in their organisations, who wish to enhance further their strategic management practice and leadership skills.

The SLA BA has a clear focus on the application of learning in the workplace. This application of new learning will enable students to enhance strategic management practice and potentially bring about change in their organisations, while building on their confidence and competence as leaders.

The SLA in Business Administration aims to prepare students for senior leadership positions by enabling them to:

1. Develop knowledge and understanding of organisational strategy in today's global world, and be able to shape sustainable strategies.
2. Develop knowledge and understanding of innovation and change, and the intellectual skills to lead change in the organisation.
3. Develop knowledge and understanding of ethics and values-based leadership and the ability to ensure responsible leadership and governance.
4. Develop knowledge and understanding of financial strategies and the ability to lead these strategies successfully.
5. Develop knowledge and understanding of leading and developing people, and the ability to engage employees, enabling open and high performance working.
6. Develop knowledge and understanding of building and managing collaborative relationships.
7. Integrate theory and practice by applying learning in the workplace.
8. Practical skills will be developed to enable students to:

9. Work collaboratively
10. take personal accountability aligned to clear values
11. be curious and innovative
12. value difference and champion diversity
13. seek continuous professional development opportunities for self and wider team.

The L7 SLA is designed to enable learners to gain the required knowledge, skills and behaviours to achieve this award, over the course of approximately 18 months (including EPA). Knowledge and skills are achieved by studying and applying MBA content from across a number of modules, in the workplace. The programme has been designed with the learner's need to achieve the Standard at its heart. As such, the programme comprises the following 3 Stages, each of which addresses a specific set of Apprenticeship Standards:

Stage 1 (approx. 4.5 months) - Developing Strategy in a Changing World:

- Apprenticeship Standard A: Strategy
- Apprenticeship Standard B: Innovation & Change

Stage 2 (approx. 4.5 months) – Ensuring Responsible Leadership & Governance

- Apprenticeship Standard C: Leading Responsibly: Reflections on Enterprise and Risk'
- Apprenticeship Standard D: Finance

Stage 3 (approx. 6 months) – Leading through Stakeholder Relationships

- Apprenticeship Standard E: Engaging Employees
- Apprenticeship Standard F: Leading & Developing People
- Apprenticeship Standard G: Developing & Building Collaborative Relationships

End-Point Assessment (approx. 3 - 5 months)

- Evidence Portfolio
- Strategic Business Proposal

Students will also follow the MBA Personal Development module, and submit two formative assignments during the L7 SLA programme.

Module information

Students must complete a work-based project for each module. In addition, the student must pass an End-Point Assessment (EPA), comprising an Evidence Portfolio and final Strategic Business Proposal.

The learner is required to evidence knowledge, skills and behaviours across all Apprenticeship Standards and must pass the EPA to achieve the level 7 SLA award. All modules are therefore compulsory.

Module content will be made available to learners on Canvas, their virtual learning platform.

Each module requires 150 learning hours, and therefore has equivalence to a 15 credit module. The L7 SLA therefore has equivalence to 120 credits.

Compulsory modules

| Module | Name | Credits | Level |
|---------------|---|----------------|--------------|
| MNM1INC | Innovation and Change | 15 | M |
| MNM1STR | Strategy | 15 | M |
| MNM2FIN | Finance | 15 | M |
| MNM2LRE | Leading Responsibly: Reflections on Enterprise and Risk | 15 | M |
| MNM3DBC | Developing and Building Collaborative Relationships | 15 | M |
| MNM3ENE | Engaging Employees | 15 | M |
| MNM3LDP | Leading and Developing people | 15 | M |
| MNM3SBP | Strategic Business Proposal | 15 | M |

Students will also follow the MBA Personal Development module, and submit two formative assignments during the Level 7 SLA programme.

Part-time or flexible modular arrangements

The SLA in Business Administration is designed for learners who are in employment. It is a part-time, flexible programme. Learners will study relevant content, applying their learning in the workplace throughout the programme, in order to gain the required knowledge, skills and behaviours to achieve the programme learning outcomes.

Students will receive guidance on implementing learning in the workplace from a Henley Learning Coach, and will select topics for the work-based projects in liaison with their employer/line manager.

Students are enrolled within intakes and are expected to use a blend of individual, group and self-study methods, including a one day face-to-face workshop (action learning day) per module.

Within overall registration, there is flexibility to complete work-based projects at different rates.

Support for students and their learning

University support for students and their learning falls into two categories.

Learning support is provided by a wide array of services across the University, including: the University Library, the Careers, Placement and Experience Centre (CPEC), In-sessional English Support Programme, the Study Advice and Mathematics Support Centre teams, IT Services and the Student Access to Independent Learning (S@il) computer-based teaching

and learning facilities. There are language laboratory facilities for those taking modules offered by the Institution-wide Language Programme.

Student guidance and welfare support is provided by Apprenticeship Tutors, School Senior Tutors, the Students' Union, the Medical Practice and advisers in the Student Services Centre. The Student Services Centre is housed in the Carrington Building and offers advice on accommodation, careers, disability, finance, and wellbeing.

Academic issues: students can get key information and guidance from the team of Helpdesk Advisers, or make an appointment with a specialist adviser; Student Services also offer drop-in sessions and runs workshops and seminars on a range of topics. For more information see www.reading.ac.uk/student

Career Prospects

Successful completion of the SLA in Business Administration should enhance learners' potential to progress in their career.

Additional costs of the programme

Students are not required to purchase any textbooks. A range of resources to support the curriculum, including e-books and other electronic resources are available through the VLE, Canvas.

Printing and photocopying facilities are available on campus at a cost per A4 page of £0.05 (black and white) and £0.30 (colour). Essential costs in this area will be low as work-based projects will be submitted electronically. Costs are indicative and are subject to inflation and other price fluctuations.

Students are expected to fund any travel costs to attend the one day workshops.

Optional modules

Placement opportunities

This programme does not contain an option for an integral work placement as programme members will be in relevant employment.

Study abroad opportunities

International Study Visits are not offered on this programme.

Teaching and learning delivery

The SLA in Business Administration is completed in an 18 - 20 month period, and comprises a combination of virtual learning (with access to an online Q&A moderator on Canvas), action learning workshops, additional scheduled contact time with a learning coach, scheduled time with an apprenticeship tutor for end-point assessment preparation, workshop days for Personal Development, and group-based and independent study.

The programme is designed to help members develop their strategic management knowledge and competencies. It enables them to improve their effectiveness and maximise their contribution to an organisation whilst also helping them to achieve their career potential. Members on the programme are encouraged to think strategically about management and leadership.

The programme is delivered in a format that is based around a learning journey which enables students to address challenges across different aspects of the organisation. The programme provides the opportunity to integrate learning relating to the development of strategy in a changing world, ensuring responsible leadership and governance, and leading through stakeholder relationships. The purpose for the student is to enhance strategic management practice and leadership in the workplace:

Each module (Apprenticeship Standards A – G) is addressed via a ‘Sprint’ of approximately 8 weeks.

During this Sprint, the learner follows the process outlined below:

1. Week 1: learner agrees work-based project with employer and Apprenticeship Learning Coach. The learner should Identify an appropriate work-based challenge or opportunity that can be addressed through application of relevant academic theory and frameworks (drawn from MBA content), and critical analysis, which then enables the learner to draw conclusions and propose recommendations for implementation.
2. Week 1 and ongoing: select and study relevant MBA module content on Canvas to gain the required knowledge to meet the Standard. This continues throughout the Sprint.
3. Week 2: Learning Coach supports learners in developing scope and aims of work-based projects.
4. Week 3: learners start to apply learning in the workplace, in relation to project aims.
5. Week 4 of Sprint: 1 day, face-to-face action learning workshop, to discuss/stimulate further progress on the work-based project with fellow learners. Each action learning workshop will be facilitated by an Apprenticeship Learning Coach and an academic subject specialist.
6. Week 5: learners continue to work through Canvas MBA content, apply learning in the workplace, and develop projects.
7. Week 6: Learning Coach checks in with learners to discuss progress on work-based projects.
8. Week 7: learners continue to work through Canvas MBA content, apply learning in the workplace, and develop projects.

9. Week 8: learners complete the work-based mini-project; submit it in Canvas, ready for evaluation (in relation to learning outcomes for the relevant Apprenticeship Standard) by the Apprenticeship Learning Coach.

Personal Development is integral to the programme, and runs as a thread throughout the course via MBA content on Canvas, enabling learners to practise the required behaviours, as specified in the Apprenticeship Standard. The programme includes 2.5 workshop days for Personal Development.

End-Point Assessment

- **Evidence Portfolio:** this will be built up over the course of the programme, and will consist of artefacts developed during completion of the work-based projects (e.g. meeting minutes, project recommendations, implementation plan, witness statements etc, as well as the work-based projects themselves.)
- **Strategic Business Proposal:** this will address all learning outcomes required for this element of the L7 SLA end-point assessment, based on knowledge, skills and behaviours acquired throughout the programme.

On-line MBA learning resources on Canvas outline core theory and content and provide activities to embed learning. Text based resources will be interspersed with multi-media materials containing video and audio files that include tutor discussions of topics, lectures and case examples from industry and individual organisations.

Total study hours for the programme will be approximately 1200 hours. The contact hours for this programme will be:

Face-to-Face Workshops/Sessions: 10 hours per module (Sprints A - G) plus Personal Development, and Study Skills: TOTAL: 90 hours.

Additional interactions with Learning Coaches via online Q&A area: TOTAL: 14 hours.

Interactions with Apprenticeship Tutor: TOTAL: 16 hours.

Total contact hours for the programme: 120.

In addition to the contact hours, learners will be expected to undertake guided independent study.

Total study hours for your programme will be 1200 hours. In addition to your scheduled contact hours, you will be expected to undertake guided independent study. Information about module contact hours and the amount of independent study which a student is normally expected to undertake for a module is indicated in the relevant module description.

Accreditation details

Level 7 SLA: The approved End-Point Assessment organisations for the Level 7 SLA: Chartered Management Institute (CMI) / Institute for Leadership and Management.

Assessment

- A work-based project is completed and submitted at the end of each 'sprint' following the focal sprint assignment brief. The Learning Coach facilitating the focal sprint will undertake formative assessment of the submitted project indicating areas requiring further development as well as a provisional mark subject to the level of achievement of learning outcomes. The student will have multiple opportunities to revise the project until it is deemed to have achieved an equivalent mark of 50%, or the student's own aspired quality level, if higher than 50%. This will enable the student to continue to develop their knowledge and skills as they progress through the programme and integrate their knowledge.
- To achieve the L7 SLA award, formal assessment is conducted via the approved End-Point Assessment (EPA) organisation, where the learner's Evidence Portfolio and Strategic Business Proposal will be examined. Learners will collect evidence of knowledge, skills and behaviours as they progress through each of the Standards.

Progression

Programme awards:

- Students that successfully pass the L7 Senior Leader Apprenticeship End Point Assessment will be awarded the L7 Senior Leader Apprenticeship Certificate.

Classification

L7 SLA End-Point Assessment: students may be awarded a classification of Fail, Pass or Distinction.

For further information about your Programme please refer to the Programme Handbook and the relevant module descriptions, which are available at <http://www.reading.ac.uk/module/>. The Programme Handbook and the relevant module descriptions do not form part of your Terms and Conditions with the University of Reading.
